

REGIONAL TRANSPORTATION ONLINE INPUT OPPORTUNITY

Learn about transportation in the region and help set future priorities. The Regional Transportation Council and North Central Texas Council of Governments, together serving as the Metropolitan Planning Organization for the Dallas-Fort Worth area, are seeking public input.

Submit comments and questions to NCTCOG:

Email: transinfo@nctcog.org

Website: www.nctcog.org/input

Fax: 817-640-3028

Phone: 817-695-9240

Mail: P.O. Box 5888

Arlington, TX 76005-5888

For special accommodations due to a disability or for language translation, call 817-608-2365 or email cbaylor@nctcog.org. Reasonable accommodations will be made. Para ajustes especiales por discapacidad o para interpretación de idiomas, llame al 817-608-2365 o por email: cbaylor@nctcog.org. Se harán las adaptaciones razonables.

WHAT DO YOU THINK? TELL US.

Information will be posted online at www.nctcog.org/input for public review and comment **Dec. 9, 2019 - Jan. 7, 2020**. To request printed copies of the information, call 817-608-2365 or email cbaylor@nctcog.org.

Proposed Modifications to the List of Funded Projects

A comprehensive list of funded transportation projects through 2022 is maintained in the Transportation Improvement Program (TIP). Projects with committed funds from federal, state and local sources are included in the TIP. To maintain an accurate project listing, this document is updated on a regular basis and posted online for review and comment.

DFW Airport Electric Bus Partnership

The Dallas-Fort Worth International Airport has identified a need for additional airside buses to shuttle passengers from the ramp to the terminal. The buses needed are available in a zero-emission electric platform, but costs to purchase electric buses are substantially higher than the cost of purchasing diesel airside buses. Since this initiative supports efforts to attain federal ozone standards, NCTCOG staff has proposed a strategic funding partnership to assist the airport in purchasing electric rather than diesel buses. More information is posted online.

Auto Occupancy Verification Technology

The Regional Transportation Council's current Tolerated Managed Lane Policy includes a provision for peak-period carpool discounts but requests an exploration of automated occupancy verification technology. NCTCOG with cooperation from regional partners has contracted with Carma Technology Corporation to develop an occupancy verification technology solution. The technology will launch in January 2020. Staff will provide information related to the launch.

Hyperloop Certification Center Initiative and Reaffirmation of High-Speed Rail from Dallas to Houston

Staff will provide a status report on hyperloop technology in the Dallas-Fort Worth region.
