

Appendix C: RTC Funding Commitments

OVERVIEW

Throughout development of the 2025-2028 Transportation Improvement Program (TIP), the North Central Texas Council of Governments (NCTCOG) staff worked with the Texas Department of Transportation (TxDOT), local governments, and other transportation agencies to refine the list of active transportation projects in the Dallas-Fort Worth region. The link below provides documentation showing the “before” or previously approved data for each project, along with the “after” condition to demonstrate any changes to funding, scope, etc. The “after” condition reflects the Regional Transportation Council (RTC) approval taken as part of the 2025-2028 TIP action for each project.

Projects with funding in FY2025-2028 are included in Chapter VII of this document. However, the RTC has current and future commitments in earlier and later years, falling outside the four-year window of the 2025-2028 TIP. Approval of the 2025-2028 TIP includes refinements to these projects as well. For this reason, a full list of commitments or active projects is made available online. Please note that Transit Section 5307, 5309, 5310, 5311, 5337, and 5339 funding is contained wholly within Chapter VII.
